

ExcelVite

Your Preferred Partner In
Palm Nutraceutical Excellence

Non-GMO Functional Ingredient For Food and Beverage

ExcelVite is the world's largest and only PIC/S GMP-certified integrated producer of palm nutraceuticals, namely tocotrienol, mixed-carotene, phytosterols and red palm oil concentrate, that are extracted and concentrated from virgin crude palm oil (red palm oil).

ExcelVite operates the first in the world PIC/S GMP facility equipped with advanced multi-stage Molecular Distillation technology to commercially extract, purify and concentrate tocotrienol (Vitamin E), mixed-carotene (pro-Vitamin A) and phytosterols from red palm oil.

EVtene™ Natural Mixed-Carotene Complex
